

With Greater Values in all Departments This Big Weekly

## Wed. Coupon SALE

upholds its greatest interest to the thrifty shoppers. Take it from us, these are remarkable values, especially under present market conditions. Merchandise is hard to obtain even at figures that would have seemed preposterous a month or so ago. Everything has soared immeasurably up in price.

### THIS CLOCK HAS A NURSEMAID

MARJORIE WOOD

New York has produced the latest thing in nursemaids—a husky man who gets \$40 a week for tending to the hands of one "dummy" clock. The clock plays what might be termed the principal role in a new play called "Yes or No." The woman holding the hands of the clock in this picture is Marjorie Wood, one of the principals.

### ANY LEFT-OVER FOOD CAN DO ITS BIT IN THE SOUP KETTLE!

#### Milk-Vegetable Soups.

2 1/2 tablespoons flour, 2 tablespoons butter substitute, 1 quart skim milk, 2 cups thoroughly cooked vegetable, finely chopped, mashed or put through sieve. Spinach, peas, beans, potatoes, celery or asparagus make good soups. 1 teaspoon salt.

Stir flour into melted fat and mix with the cold milk. Add the cooked vegetable and stir over the fire until thickened. If soup is too thick, add a little water or milk.

#### Douchess Soup.

1/2 onion, 2 tablespoons fat, 2 tablespoons flour, 2 cups milk, 2 cup grated cheese. Salt and pepper.

Cook the onion in the fat until tender but not brown. Add the flour, then the milk gradually. Cook until smooth, add seasoning to taste. When ready to serve, put one tablespoon of the grated cheese in each plate and pour over it the hot soup.

#### Mixed Vegetable Soup.

3 quarts of water, 1 quart shredded cabbage, 1/2 pint mixed carrot, 1 pint sliced potato, 1/2 pint minced turnip, 1/2 pint minced onion, 1 leek, 2 tomatoes, 2 tablespoons minced celery, 2 tablespoons drippings, 2 tablespoons green pepper, 3 teaspoons salt, 1/2 teaspoon pepper.

Have the water boiling hard in a stewpan and add all the vegetables except the potatoes, and tomatoes. Boil rapidly for 10 minutes and then draw back where it will boil gently for 1 hour. At the end of this time add the other ingredients and cook one hour longer. Have the cover partially off the stewpan during the entire cooking.

The action of the play depends on the clock to a great extent. Directly behind this clock and, of course, behind the scenes, stands the "nursemaid," who operates hands on a dial corresponding to this one. His duty is to see that the hands in front register the exact time that the action of the piece calls for.

### Lieut. Col. Johnson Slated to Succeed Gen. Crowder

LT. COL. H. S. JOHNSON

WASHINGTON, Jan. 14. — Lieut. Col. Hugh S. Johnson, cavalry officer, is scheduled to succeed Provost Marshal General Crowder as executive head of the selective service army organization, according to reports from the War Department.

Now that the selective service machinery is organized Crowder is needed for duties with the superior War Board, of which he is a member and for work in the office of the Judge Advocate General, which office he still heads.

Lieut. Col. Johnson is one of the big young men of the army. Six months ago he held the rank of captain. His promotion to a brigadiership is expected when he takes charge of draft army organization.

Johnson is known among his fellows as a "regular stem-winder." He has punch and pep, understands clearly what is to be done, senses the way to do it and has it over with before the most folks would have grasped the problem before them. Of his work as an executive officer of the draft General Crowder himself says:

"Such commendation as the admin-

istration of this office merits will be found due, in great measure, to Lieut. Col. Johnson. It has rarely happened in our service that an officer of his age and experience has been called upon to perform such responsible duties. In their performance he has challenged and held my attention in a very special way and the opinion of all associated with him is confirmatory of my own of the indefatigable zeal and energy and the great ability with which he has addressed himself to his tasks."

### DON'T MESS WITH GREASY OINTMENTS

Noxzema Is So Much Nicer, Cleaner and Quicker, You Can "Feel-It-Heal."

Rev. Dr. Faulconer, 1821 St. Paul St., Baltimore, says: "Noxzema surpasses anything I have ever used for any irritation of the skin."

Apply a little Noxzema Skin Cream to that injured or diseased skin, relief comes immediately and you do not have to bother with a bandage for Noxzema is not greasy and is absorbent of right into the skin making it feel like velvet. Try it in place of your favorite salve, ointment or cold cream, you will find it much nicer, cleaner and better or your money will be refunded.

The Holt Drug Co. sells Noxzema in 25c and 50c jars or postpaid by the Noxzema Chem. Co., 1817 No. Charles St., Balto.

### Collecting Clothing For Local Charities

The local lodge, B. F. O. E., will contribute clothing for the use of the Associated Charities and the Salvation Army. Today and tomorrow automobiles will collect the clothing and turn it over to the organizations. Should the collection prove to be what is expected the organization will make it an annual event. Many clothes which are still good are discarded from season to season that would prove almost invaluable to the Associated Charities and the Salvation Army in their work of providing warm clothing for dependents.

### Disorderly Woman Gets Jail Sentence

Charged with being drunk and disorderly Ethel Mochan was before Acting Mayor Albert J. Kern at the 9 o'clock session of police court this morning. She was found guilty of the charges, fined \$10 and given 10 days in the city jail. The sentence was heavier than usual due to the fact that it was her second offense. About two months ago she served 10 days in the city jail.

### Work for Lawyers Soon at an End

It is calculated that the legal advisory board will wind up the questionnaire work after tomorrow's efforts. Wednesday is the seventh day after the last batch of questionnaires was mailed. Because of the inclement weather the turn out of registrants was not very large today.

One chap tried to claim exemption because he was nearsighted. Some one added humorously, "well we will put you in the first line."

The other day a man had his questionnaire filled out who had a wooden leg. He said his health was good. He is classified in A. 1, but the result will be that he will be turned down when the physical examination is conducted.

One of the problems that has confronted many foreigners is the fact that they cannot get their affidavits signed by their wives in the claim for exemption because they live in Italy.

### Mrs. E. T. Kelley's Father is Dead

Mr. and Mrs. E. T. Kelley were called to Brownsville today by a telegram announcing the death of Mrs. Kelley's father, Edward J. Elliott, which occurred this morning at eleven o'clock at his home at Brownsville. Mr. Kelley had not been well for some time, but his death came suddenly.
